OUR FLAGSHIP INNOVATION

CARBON STORAGE FROM CONFLICT

Building the world's first Conflict Climate Finance platform.

Transforming conflict waste into carbon assets, green recovery materials, and climate finance.

ONE INTEGRATED INNOVATION. THREE CONNECTED OUTCOMES.

1. DUAL TRACK APPROACH

GREEN TRACK
Organic Waste → Biochar

- Damaged orchards & vegetation
- Organic biomass collection
- Pyrolysis & biochar production
- Long-term carbon storage & soil health

GREY TRACK
Construction Waste → Carbon Mineralization

- Construction & demolition waste
- Crushing & processing
- Carbon mineralization technology
- Carbon-negative construction materials

2. PERMANENT CARBON REMOVAL

CO_2

- High-integrity carbon credits measurable • verifiable • additional
- Aligned with international standards

3. CLIMATE FINANCE & VALUE CREATION

Carbon markets • Climate finance
Investments • ESG solutions

Unlocks finance.
Creates lasting value.
